## My First Day at School

I was five years old when I started school. Most children in my class started school in September, but I started school in January, because my birthday is in December.

I had my new uniform, and a new red bag. When we arrived, a teacher met the new children at the school gate. Then, dad hugged me and said goodbye.

In the classroom, I made friends with a girl called Megan. At the end of the day, I ran to the school gate with Megan and I came home. It was a great day!
